EDUCATION

Hofstra University

BBA, Business Analytics (Minor in Finance)

- GPA 4.0/4.0 (Major), 3.95/4.0 (Cumulative) — Provost's List, Dean's List, Dean's Business Scholar
- Honors College Degree with Distinction (Honors Thesis); full-ride scholarship (2 years, top 1% of school); Beekman, Ruane, and Olsten honor scholarships

Hempstead, NY

August, 2021 – May, 2025

EXPERIENCE

J.P. Morgan Chase & Co. — Global Private Bank

Global Private Bank Summer Analyst, Global Families Group

New York, NY

June, 2024 – August, 2024

- Optimized asset-allocation models for 35 ultra-high-net-worth clients within a \$7B portfolio and supported the Senior Banker in integrating alternative investments, enhancing returns and surpassing team KPIs
- Developed an automated data-flow system for a client's \$1B+ portfolio by aggregating data from multiple investment banks, minimizing manual processing and creating a scalable solution for future analysis
- Presented a team project to GFG Europe leveraging the JPM database to improve Wealth Management branch collaboration and HNW (\$25M+) outreach, achieving a 20% increase in monthly client acquisition

Berliner Brodlied Family Student Managed Investment Fund (SMIF)

Senior Analyst

Hempstead, NY

May, 2024 – May, 2025

- Secured Advisory Board approval for two investment proposals through detailed technical and fundamental analysis using Monte Carlo simulations and DCF models (BX sell, CDW buy)

Hofstra University Business Analytics Department

Business Analytics Research Assistant (Prof. Dr. Hak Kim)

Hempstead, NY

June, 2022 – May, 2023

- Formulated 3 hypotheses on financial-market sentiment and measured the impact of integrating stock news into technical analysis (volume, price, volatility) for Amazon, Tesla, and others using NLP, ML, the GPT-4 API (early access), and sentiment-analysis tools
- Co-authored a department-supported research paper showing a 5% uptick in forecast accuracy from sentiment analysis in Python, proving GPT outperformed traditional NLP models

County Cleaners Corporation

Financial Analyst

Garden City, NY

June, 2022 – December, 2022

- Built an interactive Tableau dashboard with real-time sales data and customer feedback using SQL to improve decision-making
- Directed budget data modeling in Excel and SQL queries to identify trends and inefficiencies, reducing costs by 3%

AI & DATA PROJECTS

mrrapply: Human-in-the-loop job-application machine (Python, SQL, Claude API) — discovery, scoring, AI tailoring with fabrication guard, human approval on every send; 6,800+ postings, 73 tests

lead-scoring-ml: Published ML study — transparent logistic regression beats gradient boosting on funnel data (ROC-AUC 0.770 vs 0.741); scikit-learn, reproducible

LEADERSHIP

Financial Management Association

President

Hempstead, NY

November, 2021 – November, 2024

- Facilitated club meetings with industry speakers on portfolio diversification, modeling, and market analysis, driving a 30% increase in attendance through targeted outreach and engaging content

Help Ukraine Store

Founder

New York, NY

February, 2022 – February, 2023

- Ran end-to-end operations — apparel design (Illustrator), social-ad optimization — raising \$44,500 for 32 war-affected children (Voices of Children Foundation); 11.3M-view viral TikTok, featured on Voice of America
